

ADLC Procedures Manual AP 20-2

ADLC Contract Marker Budget Approval

The Contract Marker budget is approved annually in April by the PHPS Board to allow updates to rates to be entered into the student information system prior to the annual cloning of sections.

Individual course rates may be adjusted throughout the school year if required as long as the overall expenditure remains within the approved budget.

Effective the 2016-17 school year, the individual course rates are not attached to the Marker contract.
