

Keeping track of your child or dependent's grades on the Student Information System (SIS) is easy. You can do this by following these steps:

To View Grades

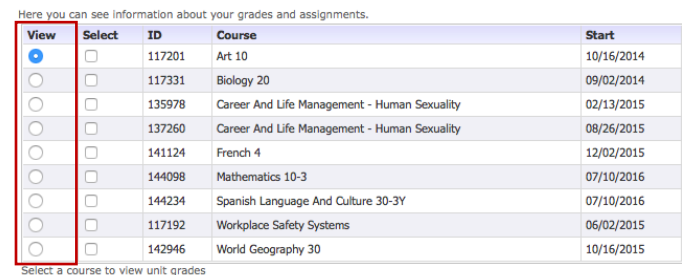

1. On the main menu, select **Gradebook**.

Here, you'll see your child or dependent's grades and feedback for the selected course. Grades are set up differently in every course, so it's normal to see some variation here.

If your child or dependent is enrolled in multiple courses, you can choose which course grades to view by clicking the corresponding **View** button.

To Print a Progress Report

1. On the main menu, select **Gradebook**.
2. Under the **Select** column, check the box beside the course you want a Progress Report for.

Here you can see information about your grades and assignments.

View	Select	ID	Course	Start
<input checked="" type="radio"/>	<input checked="" type="checkbox"/>	117201	Art 10	10/16/2014
<input type="radio"/>	<input type="checkbox"/>	117331	Biology 20	09/02/2014
<input type="radio"/>	<input type="checkbox"/>	135978	Career And Life Management - Human Sexuality	02/13/2015
<input type="radio"/>	<input type="checkbox"/>	137260	Career And Life Management - Human Sexuality	08/26/2015
<input type="radio"/>	<input type="checkbox"/>	141124	French 4	12/02/2015

3. Click the **Print Progress Report** button. A PDF of your child or dependent's Progress Report will be generated and saved to your desktop. You can either view the grades by clicking to open the PDF or by clicking on **Print** on the toolbar to generate a physical copy for your records.
