

Keeping track of your grades on the Student Information System (SIS) is easy. You can do this by following these steps:

To View your Grades

1. On the main menu, select the **Gradebook** option.

Here, you'll see your grades and feedback for the selected course. Grades are set up differently in every course, so it's normal to see some variation.

2. If you're enrolled in multiple courses, you can choose which course grades to view by clicking the corresponding **View** button for that course.
