

This document is intended to help Teacher Support teachers access print resources for Teacher Support enrolments.

To access ADLC's print resources, your school's Affiliation Super User will need to set up a Teacher Support section (course) in ADLC's Student Information System (SIS). When your Super User sets up the section, s(he) will assign a teacher from your school to that section. That teacher can then access the resources for that section in Moodle. Please ensure your Super User enrolls all students who are or will be using ADLC materials, whether through Student Instruction (SI) or Teacher Support (TS).

Note: To set up a Teacher Support (TS) section, please see instructions for "Adding a Section in SIS".
